## ABOUT ME

Inspired by new trends but always making thoughtful decisions. I'm using UX and UI tools including design thinking, mind-map, user interviews, user flow, scenario map, wireframes design, mockup, interactive prototypes.

## EXPERIENCE

**Operator of laser - 08/2019 - 01/2021**

«Leatherius»/ Lviv

Operator of laser manually reproduces text and graphic images by the direct effect of focused fiber laser radiation on the workpiece surface.

**UI & UX Designer - 02/2021 - Present**

Freelance/ Lviv

Designer creates layouts, builds interfaces and thinks about the client's interaction with the website - turns the idea into a visually appealing design.
